

alberi

ALPSC 1580 IN

: product card

Alberi is a collection of acoustic wall panels and free-standing screens with a wide range of configuration possibilities. The biophilic shape and patterns have been inspired by trees, while the textures and colours relate to the seasons.

design:
Maciej Karpiak

collection advantages

biophilia in the office

Alberi is an excellent alternative to standard acoustic panels because, in addition to their acoustic properties, they also provide a pleasant visual experience and rest for the eyes.

spatial arrangements

Alberi:wall panels come with a dedicated system of rails and hangers allowing for mounting at a distance of 20 and 50 mm from the wall. This enables easy creation of original compositions inspired by the forest.

available variants

Panels and screens are available in 2 sizes and 3 embossing patterns.

technical data

ALPSC 1580 IN

Standard ●
Option ○

Type of pattern

The hangers of the panels (mounted to the panel)	CODE	
Black hangers (2 pcs) for a single panel with a distance of 20 mm from the wall	WD-A1	●
Black hangers (2 pcs) for a single panel with a distance of 50 mm from the wall	WD-A2	○

Hangers (1set = 2pcs) are mounted to the panel. The panel hangers makes it possible to adjust the suspension height of the panel on 4 levels - every 100 mm.

Depending on the configuration of the set, select the hangers with a suitable distance from the wall (for each panel - 1 set of hangers).

Mounting rail	CODE	
Mounting rail 500mm long	ALSZ 5	○
Mounting rail 1300mm long	ALSZ 13	○
Mounting rail 2000mm long	ALSZ 20	

Rails are mounted to the wall, depending on the configuration of the set, choose the appropriate length of the rail. The rails do not contain assembly screws (the appropriate mountings should be selected for the type of wall).

dimensions

ALPSC 1580 IN

All dimensions are in [mm] and refer to basic version products. The indicated dimensions can change depending on the selected equipment package. Bejot reserves the right to change selected elements and this may slightly affect the product's dimensions. In case of any special requirements on dimensions of a given product, the afore-mentioned information should be acknowledged by the Producer. The specification does not constitute an offer within the meaning of the Civil Code. Dimensions and weights are approximate and may vary by 5%. The requirements of the standard are always met.
