

alberi

ALPSC 1580 IN

: product card

Alberi is a collection of acoustic wall panels and free-standing screens with a wide range of configuration possibilities. The biophilic shape and patterns have been inspired by trees, while the textures and colours relate to the seasons.

collection advantages

biophilia in the office

Alberi is an excellent alternative to standard acoustic panels because, in addition to their acoustic properties, they also provide a pleasant visual experience and rest for the eyes.

spatial arrangements

Alberi:wall panels come with a dedicated system of rails and hangers allowing for mounting at a distance of 20 and 50 mm from the wall. This enables easy creation of original compositions inspired by the forest.

available variants

Panels and screens are available in 2 sizes and 3 embossing patterns.

Panel pendants (panel mounted)

CODE

Hangers (2pcs) for single panel with 20mm distance from wall

WD-A1

Hangers (2pcs) for single panel with 50mm distance from the wall

WD-A2

Hangers (1kpl = 2pcs) are mounted to the panel. The panel hanger allows you to adjust the height of the panel suspension on 4 levels - in 100mm increments.

Depending on the configuration of the set, you need to choose hangers with the appropriate distance from the wall (for each panel - 1kpl of hangers).

Mounting rail

CODE

Mounting rail length 500 mm

ALSZ 5

Mounting rail length 1300 mm

ALSZ 13

Mounting rail length 2000 mm

ALSZ 20

The rails are mounted to the wall. Depending on the configuration of the set, select the appropriate length of rails. Rails do not include mounting screws and bolts (select the appropriate mounts for the type of wall).

dimensions

ALPSC 1580 IN

ALPSC 1580

All dimensions are in [mm] and refer to basic version products. The indicated dimensions can change depending on the selected equipment package. Bejot reserves the right to change selected elements and this may slightly affect the product's dimensions. In case of any special requirements on dimensions of a given product, the afore-mentioned information should be acknowledged by the Producer. The specification does not constitute an offer within the meaning of the Civil Code. Dimensions and weights are approximate and may vary by 5%. The requirements of the standard are always met.
