## dual

## DU 102 black

## : product card

A distinguishing feature of the Dual chair is the plastic panel that "blends into" the soft upholstery. The wide backrest and extremely comfortable foam offer a highly comfortable seat.

## collection advantages

#### combination of two materials

As a result of combining two materials, we have created an armchair with an exemplarily modelled backrest, with a distinctive back where the plastic panel 'blends' into the soft upholstery. The Dual armchairs offer the possibility of free embroidery on the upholstered part of the armchair.

#### maximum comfort

Dual provides maximum seating comfort due to not only the wide backrest and seat, but also the use of thick foam to increase seating comfort.

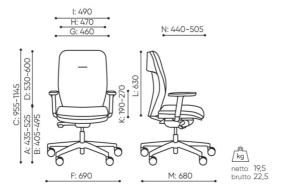

#### proven ergonomics

Dual office chairs meet the requirements of international standards for ergonomics and safety of office furniture.

technical data DU 102 black  Mechanism		ard ion	0
Synchro and self-weighing-the spring force automatically adapts to the weight of the sitting person, range of adjustable recline angle(backrest:20°,seat:5°), with an adjustable seat depth (range: 58mm)	В+Х	•	
Fast-synchro with backrest fixed in 4 positions (range of recline angle: backrest: 20°, seat: 8°)	FS	0	
Fast-synchro with backrest fixed in 4 positions (range of recline angle: backrest: 20°, seat: 8°), with seat depth adjustment (range: 58mm)	FS+X	0
