

fora_care

FC TB 128 / 128 N

: product card

A collection of modular sofas designed for intensive use in public spaces. Thanks to its unique form, refined details, and carefully selected materials, it is both very comfortable and easy to clean.

Fora_care is perfect for clinics, canteens, waiting rooms, and educational institutions.

design:
Kasper Mose

bejot:

collection advantages

gentle finish

The chamfered top adds lightness to the overall design and enhances the elegant look. The beveling is only available in oak plywood.
