FO BOX 2

: product card

The Fora\_office collection is an extension of the modular Fora sofa line. It was designed for office spaces and meeting zones, combining functionality, comfort, and flexibility. With carefully selected proportions – a higher seat and shallower depth – this series supports shorter, more dynamic interactions while still providing seating comfort.

# collection advantages

## work and meetings in complete focus

The integrated acoustic panels from the Fora\_office collection effectively block external noise, creating the perfect environment for both office meetings and short, focused work sessions. Filled with special sound-absorbing fibers, they significantly reduce noise and enhance the acoustic comfort of the workspace.

## auxiliary components

Additional equipment features not only improve work efficiency but also streamline meetings. TV hanger and versatile mediaports allow for full customization of the set to meet individual needs, creating a comfortable and functional work environment.

## mediaports

The TV mount offers five different mediaport options, allowing easy and convenient connection of a wide range of multimedia devices.
