

# saar

## SM CT 5

: product card

A modular, functional shelving system with a steel structure. Each shelving unit can be customised with a unique size and shape. Additional accessories like shelves, lockable cabinets, hangers and seats make the Saar system truly multifunctional. The shelving can be hung on a wall or used to divide an open space, build a counter and much more.

## minimalist reception desk

The Saar modular shelving system allows for any arrangement. It can also serve as a reception counter. The minimalist form and wooden finish, add character to any reception or waiting room.

## storage

You can create three dimensional configurations from saar modules. Vertical and horizontal frames complemented by fillings and extras create a functional and individual product. Open shelves, closed cabinets, tip-on systems, lockable cabinets and cabinets with an electronic code adapt the product to the most demanding tasks.
