

saar

SM BS 3x1

: product card

A modular, functional shelving system with a steel structure. Each shelving unit can be customised with a unique size and shape. Additional accessories like shelves, lockable cabinets, hangers and seats make the Saar system truly multifunctional. The shelving can be hung on a wall or used to divide an open space, build a counter and much more.

collection advantages

Function and nobility

A system of industrial shelves with a geometric construction that can be varied with seats, shelves and other accessories. These elements change the function of the furniture, giving it a unique form.

Saar is an extremely functional system for an office or reception, impresses with careful workmanship, attention to every detail and the use of durable and noble materials.

Saar modules

You can create racks by yourself from vertical and horizontal frames and accessories: seats, shelves, boxes, acoustic panels, boards and hangers.

A wide range of varnishes, laminates and upholstery fabrics allows you to design an individual and functional product.
