# collection advantages

## Take care of your work comfort

The Selva is a response to the need for the greater work comfort, thanks to improved acoustic conditions in the open office space. It provides a possibility of reducing the perceived noise by an average of 8dB, i.e. nearly a half.

## Sound absorption

The products from this collection work perfectly not only between work stations, but also as a complement to the interior in order to absorb sounds generated via the loud office equipment or colleagues.
