## collection advantages

### **Lightness. Freedom. Mobility.**

The word "Volo" comes from Italian and means "**I fly**". It evokes the idea of flight – a symbol of lightness, movement, and freedom. These qualities are reflected in the chair's design: a slender frame and perfectly balanced proportions create a sense of visual lightness that harmonizes with any space. Thoughtfully designed, Volo maintains subtle elegance while delivering full functionality.

### **versatile colours to match every space**

Volo chairs come in five vibrant colour combinations that energize the space and emphasize its character. With a choice of upholstered or plastic finishes, the collection adapts effortlessly to both minimalist interiors and bold, expressive spaces. As a result, Volo is not just a functional seating solution but also a decorative element that draws the eye and enhances the overall style of any environment.

### **freedom of choice**

Volo offers true freedom of configuration, allowing you to create a chair perfectly suited to your needs and the style of your space. Choose from **six base options**, including castors, sled base, or classic four legs, and customize your Volo chair to fit any environment – whether for

conference rooms, auditoriums, or public spaces.
