PL Wymagania, jakie należy spełnić przy zamówieniu z haftem:

- w zamówieniu należy wskazać produkty w których ma zostać wykonany haft
- przesłany wzór logo należy opisać numerem zamówienia, którego dotyczy
- wymagane formaty to: **.pdf / .eps / .ai / .jpg / .bmp**
- grafika musi dokładnie przedstawiać logo, którego haft ma zostać umieszczony na produktach (nie przerabiamy wzorów logo)
- wraz z przesłanym wzorem należy określić wysokość i szerokość haftu (maksymalnie 10cm x 20cm)
- należy przesłać zdjęcie lub rysunek z dokładnie zaznaczonym umiejscowieniem haft na produkcie według poniższego wzoru

Ze względu na rozbieżność odczytu komputerowego ostateczne kolory logo mogą w niewielkim stopniu różnić się od przesłanego wzoru. Jeśli klient wymaga całkowitej zgodności z przesłanym wzorem, konieczne jest przesłanie oznaczeń zgodnych z wzornikiem Pantone. W takim wypadku próbka z haftem zostaje wysłana do akceptacji. Od momentu uzyskania akceptacji haftu zostaje rozpoczęta produkcja.

DE Forderungen die beim Bestellen von Produkten mit einer Logo-Stickerei zu erfüllen sind:

- geben Sie in ihrer Bestellung die Namen der Produkte an, die mit Logo bestickt sein sollten
- geben Sie die Nummer der Bestellung an, auf die sich das Logomuster bezieht
- die zulässigen Formate der Dateien mit dem Logo sind: **.pdf / .eps / .ai / .jpg / .bmp**
- das Logomuster muss das Logo genau darstellen (wir überarbeiten Logomuster nicht)
- geben Sie die gewünschte Höhe und Breite der Stickerei an (maximale Abmessungen: 10cm x 20cm)
- Schicken Sie ein Foto oder eine Zeichnung mit genauer Lage der Stickerei auf dem Produkt nach folgendem Beispiel

Die endgültigen Farben des Logo können sich von dem zugeschickten Muster durch eine Computerverarbeitung geringfügig unterscheiden. Wünschen Sie sich eine völlige Übereinstimmung mit dem zugeschickten Muster, müssen Sie sich der Pantone Schablonen bedienen. In diesem Fall werden wir Ihnen ein Muster mit der Stickerei zuschicken und mit der Produktion erst nach Ihrer Freigabe beginnen.

EN Requirements to be met when ordering embroidered products:

- give the names of the products in which embroidery is to be made in your order
- give the order number to which the sent logo file applies
- required formats of the file with the logo: **.pdf / .eps / .ai / .jpg / .bmp**
- the logo file must exactly present the logo the embroidery of which is to be placed on the products (we do not modify logo patterns)
- state the exact height and width of the embroidery with the sent pattern (maximum dimensions: 10cm x 20cm)
- send a photograph or a drawing showing the exact location of the embroidery on the product according to the template below

Because of the deviations in the computer readout, the final colors of the logo may slightly differ from the sent logo. If you require total conformity with the sent pattern, you must use Pantone color templates. In such case, a sample with embroidery will be sent to your approval, and we will start the production after its acceptance.
